EXPERIENCE

- Attended workshops on Ethical Hacking and Bug Hunting Master Classes, gaining practical knowledge in cybersecurity, which helped me understand the intricate methods of identifying, exploiting, and mitigating vulnerabilities in various systems and applications.
- Completed an 8-course Cybersecurity Specialization and AI Essentials course from Google, which helped me gain comprehensive knowledge about the latest cybersecurity threats, defense mechanisms, and the fundamental principles of artificial intelligence.
- Earned Artificial Intelligence Fundamentals and Job Application Essentials certifications from IBM Skills Build.
- Developed skills in ethical hacking, vulnerability assessment, and foundational AI concepts, enabling me to effectively safeguard digital environments and understand the potential and challenges of AI technologies.

EDUCATION

Under Graduation

SRM University Delhi-NCR, Sonapat

2022 - 2026 Neerukonda

Intermediate

Sri Chaitanya Educational Institutions

2019 - 2021 Guntur

Python Advanced	● ● ● ● ●	Sql Intermediate	● ● ● ● ●
Html Advanced	● ● ● ● ●	Css Advanced	● ● ● ● ●
Java Script Advanced	● ● ● ● ●		

SUMMARY

I am a second-year Bachelor of Technology (B.Tech) student with a strong foundation in Computer Science. My academic journey has equipped me with a solid understanding of programming languages, and I am eager to apply my knowledge in a practical, real-world setting. I am a quick learner, passionate about software development, and committed to continuous improvement. My problem-solving skills, attention to detail, and ability to work well in a team make me a strong candidate for an internship position. I am excited to contribute to and learn from a dynamic team, and to gain hands-on experience that will complement my academic achievements.

ACHIEVEMENTS

- **Completed basics on Generative AI**
Successfully completed basics on generative AI offered by Microsoft and LinkedIn
- **Completed 8-courses on Cybersecurity**
Successfully completed 8 courses on cybersecurity offered by Google
- **Completed Artificial Intelligence Fundamentals**
Successfully Completed the Fundamentals in Artificial Intelligence course offered by IBM Skills Build

CERTIFICATION

- **The joy of computing using Python**
- **Ebusiness**
- **Job application essentials issued by IBM Skills Build**
- **Google AI Essentials issued by Coursera**

PROJECTS

- **Income Tax Calculator in C**
- **Car Parking Reservation System in C++**
- **Car Rental Management System in DBMS**
